Lack of safe water in schools (Quoting the Auditor General's Report 2018)

- 34 schools did not have water tanks and thus could not harvest rain water.
- 38 schools did not have access to a borehole. However, 19 of these had water tanks but safe water is only available during the rainy season.
- 8 schools had boreholes situated over 1Km away from the school. Students trek long distances to access water.
- 19 schools were using water from wells/springs. Except for 6 schools, all these wells were located more than 1Km away from the school

Health (UBOS Census Report of 2014)

- 16.0 % households were found to be 5 Km or more to the nearest health facility
- Only 13.3 % households had access to piped water

Mityana District Profile

- 2,190 households were without any toilet facility
- 95.3 % households were not living in decent dwellings.

Mityana Hospital: non-functional equipment (from Auditor General’s Report 2019)

- X-ray machine has been non-functional for 8 months
- Autoclave has been non-functional for 2 months
- The hospitals’ only scanner has been non-functional since July 2019

Upgrade of Namungo Health Centre II to Health Centre III (AG 2019)

- Cost: Shs.487, 954,960 7thMarch 2019 to 7thSeptember 2019
- Shs. 268,079,490 had been paid leaving an unspent balance of Shs. 211,920,510
- On inspection works were incomplete.

Health Centre IV: Medical Equipment Lacking

Mwera, Ssekanyonyi & Kyantungo Health Centres IV: Medical Equipment Lacking

- Theatre: Most sets incomplete
- Ophthalmic Dept.: No capacity to treat eye ailments
- Maternity: Incomplete sets
- Laboratory: Non-functional blood banks

Status of Medical Equipment at Health Centre IVs

Inspection of the medical equipment at Health Centre IV facilities of Mwera; Ssekanyonyi and Kyantungo revealed that the facilities lacked most of the required equipment and those available were in a poor condition as shown below;

Department	Sets required	Sets available			General observations
		Mwera	Ssekanyonyi	Kyantungo	
Theatre	64	22	24	6	Most of the sets are incomplete. However, Kyantungo is in the worst shape
Ophthalmic	12	0	0	0	All did not have capacity to handle eye problems
Maternity	42	15	42	8	Most of the sets are incomplete. However, Kyantungo is in the worst shape
Laboratory	9	5	6	5	All the blood banks were not functional.

Access to Energy for Lighting (UBOS Census 2014)

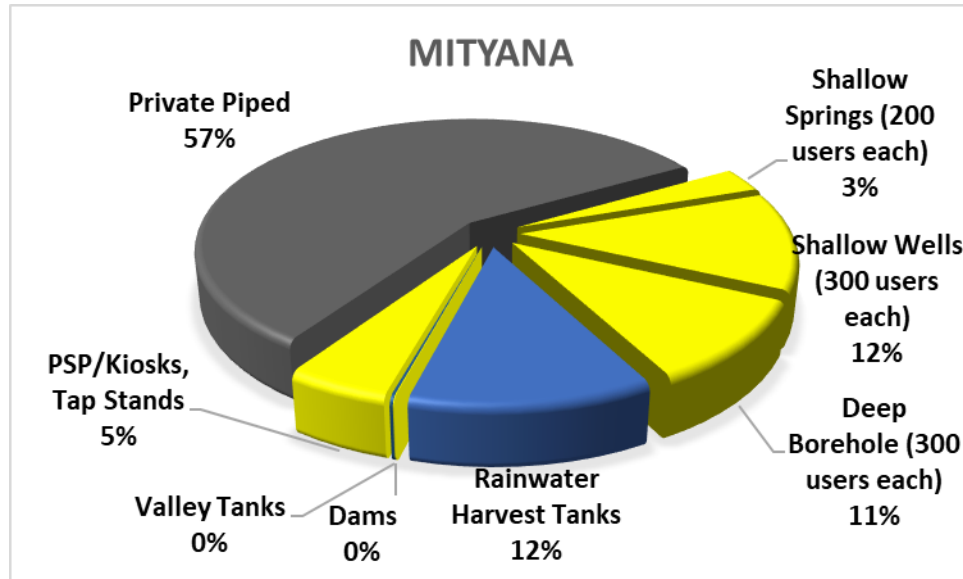

Tadooba: 57.6% Paraffin Lantern: 10.1% Electricity: 23%

Mityana District Profile

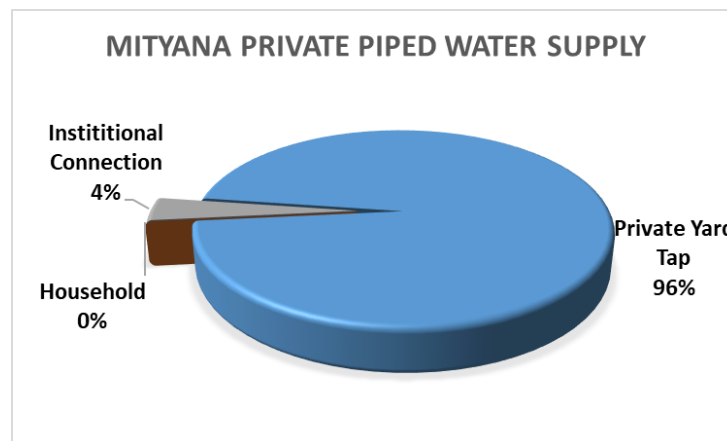

Access to Water

Population: 363,821 Population served: 279,411 Not served: 84,410

Non-functional water points: 719 (32.9%) out of 2,182 were not functional due to lack of proper maintenance

Pie chart generated from Access to Safe Water (from MWE Database) accessed 15.10.20

Administration

Budget Performance: Revenue

- Central Government transfers: 99.3% of budget received
- Local revenue: 41% collected
- Transfers from other government entities: 194.2%
- Grants (incl. donor funds): 24.2% of expected funds received

Mityana District Profile

Environmental Protection

- Lack of a Physical Planning Committee
- Wetlands not demarcated
- Illegal activities in the wetlands
